

BAD FEELING

Lyrics and music © Jack Williams

Fifty black crows on a rich man's tomb,
Howling like the devil by the light of the moon,
I got a bad feeling...
A bad feeling.
I got a bad feeling this house of cards is falling down.

Children laughin' at a man on the street;
Tears in his eyes, no shoes on his feet,
I got a bad feeling...
A bad feeling.
I got a bad feeling this house of cards is falling down.

Down along the levee there's a rumble goin' down;
Them union boys are beatin' some poor devil to the ground
I got a bad feeling...
A bad feeling.
I got a bad feeling this house of cards is falling down.

CHORUS Mama told me,
"Look on the bright side,
Always take the bad with the good."
If the world'd stop shakin'
And hearts would stop breakin',
Mama knows I would if I could...
If I could....

There's a lot of angry people on the 6 o'clock news,
The emperor took their money but he'll never stand accused.
I got a bad feeling
A bad feeling.
I got a bad feeling this house of cards is falling down.

Dying man walking down a highway made of gold
He bet his bottom dollar on a game that cost his soul
I got a bad feeling...
A bad feeling.
I got a bad feeling this house of cards is falling down.

CHORUS

Somebody's leavin'- hear the taxi horn blow...
I hope it ain't my baby, lord, I hate to see her go...
I got a bad feeling...

A bad feeling.
I got a bad feeling this house of cards is falling down.
I got a bad feeling this house of cards is falling down.

[Additional verses:
They say to teach your children
So explain this if you can,
Why your fearless leader mocked a handicapped man.
Etc

All along the border there's a rumble goin' down,
Government men are beatin' some poor devil to the ground.
