

LOOKING FOR A RAINBOW

Common response to a dark time in our world

On a rainy day, sittin' at my window
Watchin' all the grey umbrellas
Lookin' for a rainbow
I'm killin' time, leanin' on my pillow
List'nin' to the rain fall down
Hoping for a sign, hoping for a sign
Looking for a rainbow

All I have are eyes, ears, a nose, and my fingers
To let the world into my empty room
No one speaks a word and the silence just lingers
And hangs around, lonesome as the moon

Once upon a time, there were dreams and believers
All the world seemed sunny for a while
Now I can't see the light for the clowns and deceivers
Who darken ev'ry dream that passes by

On a rainy day, sittin' by my window
Watchin' all the grey umbrellas
Hoping for a sign, hoping for a sign
Looking for a rainbow
Looking for a rainbow
Someone make the rain go... away
