

LORELEI *Lyrics and music © Jack Williams*

She was the only real friend I had.
She made me well when the times were bad.
Into my life she put the sunshine
Where once there was darkness.

She was the only woman I loved.
She gave me pleasure, more than enough.
Into my eyes she put the vision
Where once there was darkness.

CHORUS

Lorelei, Lorelei,
Is there no place in your heart for me?
Let your love light
Brighten my way tonight,

In times like these, yeah, the road gets rough.
I'm like the next man, I need to be loved.
I need the touch of one soothing hand
Where once there was nothing.

CHORUS

BRIDGE

If you remember all the good times
Don't the bad times fade away?
If you call me, I will answer,
And live again that day.

CHORUS Lorelei.
