

MADE TO LOVE YOU *Lyrics and music © Jack Williams*

CHORUS

Everything's made out of somethin'.
Nothin' comes out of the blue.
You were made from the clay of love,
And I was made to love you.
I was made to love you.

I look a lot like my daddy,
But mama was my guiding light.
I'm just a chip off of two old blocks,
Tryin' to make sense out of life.

I've got no sense of direction,
But I can carry a tune.
I'm a little mom and pop and just a little
Water, fire, sun and the moon.

CHORUS

An oak tree's made from an acorn,
A diamond is made outta coal.
are made out of rubber and steel,
Frogs are made from tadpoles.

The sun was made to shine brightly,
The moon reflects all of its light.
You were made with a light of your own
And your fire burns inside me tonight.
